

4041 Staff Dress and Appearance

The attire worn by staff members conveys an important image to students and the general public. The appearance of professional staff members shall be appropriate to their assigned duties and indicative of their professional standing in the school and community.

Staff Expectations in Dress and Appearance. Staff should generally dress in business casual attire that is clean and professional.

Enforcement. The director or principal shall maintain the discretion to make determinations on staff dress and appearance. Administrators may temporarily suspend all or a portion of the dress code when other factors support a lower dress expectation for school employees (e.g., special "casual days" or field days). Any violation of school policy and rules may result in disciplinary action.
