Teachwell Thrive finds creative and fun ways to teach independent living skills. A blend of classroom lessons and daily experiences allows learning to happen in real-life situations. Our success coaches work alongside special education teachers, public service agencies and inclusive community employers to create a supportive environment that prepares students for life after high school.

THRIVE ENROLLMENT

BUILDING A TRANSITION PLAN

Teachwell helps educators, students and families create a plan for life after high school. Transition planning should start by age 16, but many IEP teams begin sooner. Teachwell staff often become part of the IEP team to assist with assessments or goal-setting.

SERVING YOUNG ADULTS

Teachwell Thrive is a special education program for students aged 18 to 21 whose IEP goals include supported transition services. Teachwell works closely with other community support organizations, including Vocational Rehabilitation (VR) agencies.

A 9-MONTH SCHOOL YEAR

Teachwell Thrive follows a traditional school calendar. Each year begins in August and ends in May. The school year is 176 days.

A GOALS-BASED PROGRAM

The length of time a student attends Teachwell Thrive can range from 1 semester to 3 school years based on individual goals. Local schools typically pay tuition on behalf of the student.

LOCATED IN CENTRAL SIOUX FALLS

Local school districts provide transportation to and from Teachwell Thrive. Teachwell staff will provide transportation during school hours.
