It is important to let us know if a student will not be in school

If a student will not be in school, it is important to let us know by 8:00 am. You can call our school office at 605-367-7680.

If your local school closes due to weather, students stay home

Teachwell provides a calendar that lists planned school closures for the year. When weather or other events cause your local school district to close, start late or dismiss early, Teachwell Prosper students follow the direction of local school transportation schedules.

Wear clothes that support learning and working

When getting ready for each day, please keep in mind that good personal hygiene and wearing clean clothes are important. Students should also be mindful of the weather; be prepared for rainy days, snowy days or those hot, humid days.
