

ANNUAL BUDGET

Under law, the Cooperative is required to adopt an annual budget setting forth revenues and expenditures. This annual school budget is the financial outline of the district's educational plan.

Public school budgeting is also regulated and controlled by legislation, state regulations and local Board requirements. The annual operating budget for the Cooperative will be prepared and presented consistent with these same requirements.

The Cooperative budget will be prepared by the director, with the assistance of the business manager, and presented to the Board for review. The director will establish a time line for the preparation of the budget.
