

Make a note of these addresses and phone numbers

Teachwell understands the importance of clear and regular communication with students and families. Add the following information to your student's contact list. Adding the phone numbers to your mobile phone contacts will help you recognize when Teachwell is trying to call or send a text message.

- Phone Number to Report Absences: 605-261-3309
- School Main Phone Number: 605-367-7680
- School Address: 715 E. 14th Street, Sioux Falls, SD 57104
- School Fax Number: 605-367-6036

School supplies for the 2021-22 school year

The supplies students need may be different for each student. Most students need tools that help them work, so send something to write with, a planner and a personal cell phone. After school starts and students establish a rhythm, our success coaches will address what students may need to bring to school and what is best left at home.

Remember Textbooks and Student IDs

Please ensure students bring class textbooks and their student ID each day.

Wearing masks helps keep everyone safe

This year, unvaccinated staff and students will wear face coverings to help prevent transmission of COVID-19. Teachwell will have masks available. If students prefer to wear their own face covering, please make sure the mask is clean. In addition to wearing a facemask while at school, students may have to follow guidelines established at the workplace and Southeast Tech.

It is important to let us know if a student will not be in school

At Teachwell Strive, demonstrating responsibility is important. If a student will not be in school, the student should contact our success coaches by 8:00 am. The student may call or send a text message to 605-261-3309 to report absences.

If your local school closes due to weather, students stay home

When weather or other events cause your local school district to close, start late, or dismiss early, Teachwell students follow the direction of local school transportation schedules. Your success coach will help students develop a plan for completing college coursework if weather prevents transportation.

Wear clothes that support learning and working

When getting ready for each school day, students must keep in mind that personal hygiene and wearing clean clothes are important. Students should be mindful of the weather when choosing appropriate attire.
