

All students are eligible for free breakfast and lunch this year

Teachwell Solutions will offer free breakfast and lunch to all students for the 2021-22 school year. In previous years, free lunch may have required an application. That's not the case this year. If for any reason you'd like to fill out an application anyway, please contact Teachwell.

Charges to Meal Accounts

We want all students to choose a healthy meal each and every day. If a student chooses not to take all of the required components to make a full reimbursable meal, the student's account will be charged the full price of that meal. The price for these meals are \$2.50 for breakfast and \$4.35 for lunch. If extra breakfasts are available, students may purchase them at the full price of \$2.50. To purchase a second breakfast, students must have funds available in a family meal account.

There are several ways to put funds in a family meal account

Payments to the food service account can be made in several ways. Cash, checks made to Teachwell Solutions, and credit card payments through the Infinite Campus portal are available. If you use the Infinite Campus portal, a reminder will inform you when your family account falls below \$10.

Please let us know if you need meal accommodations

Please complete the Meal Change Request Form if your student requires special meal accommodations for any reason. This form must be completed and signed by a medical provider and returned to Teachwell. An updated form is required for the 2021-22 school year. Please contact Karin Reisch (karin.reisch@teachwell.org) if you need a form or have questions.

Access daily meal menus online

Menus can be viewed online via Teachwell website.

Please note: Production shortages and delivery issues continue to be an issue as we near the start of the school year. Please be patient as these issues are resolved. We attempt to avoid last minute menu changes, but this is not always feasible.
